I. Общая характеристика

Цели и задачи курса

Настоящая дополнительная общеобразовательная программа «Коммуникативный курс английского языка (для взрослых)» предназначен для взрослых слушателей, желающих совершенствовать свой уровень владения английским языком. На изучение одного уровня отводится 120 учебных часов аудиторных практических занятий и 120 часов самостоятельной работы слушателей. Каждый уровень обучения завершается проведением итогового экзамена, включающего в себя письменную и устную части.

Основной целью обучения английскому языку в рамках настоящего курса является развитие и совершенствование межкультурной иноязычной коммуникативной компетенции, предполагающей овладение языком как средством межкультурного общения, как способу познания мира в разных сферах деятельности (социально-бытовой, культурной, профессиональной и т.д.). В процессе овладения межкультурной иноязычной компетенцией слушатели развивают и совершенствуют коммуникативные умения во всех видах речевой деятельности (аудирование, чтение, говорение, письмо), необходимые в реальном практическом иноязычном общении. Особое внимание уделяется устной форме непосредственной иноязычной коммуникации – говорению, что подразумевает развитие коммуникативных умений строить устное речевое общение в условиях межкультурного контакта. Поэтому обучение строится с учетом коммуникативно-деятельностного подхода, проявляющегося в максимальном приближении учебного процесса к реальному процессу общения. Обучение осуществляется на основе содержания, отражающего современный социокультурный контекст разнообразных ситуаций иноязычного общения. Это позволяет овладеть языком как продуктом культуры и сформировать навыки и умения социокультурного поведения.

Самостоятельная работа слушателей главным образом предполагает подготовку к аудиторным занятиям, а также дополнительную проработку пройденного материала. Основными формами самостоятельной работы во внеаудиторное время является работа с учебной, справочной литературой, интернет-ресурсами.

II. Требования к результатам освоения дисциплины

В результате освоения дополнительной образовательной программы «Иностранный язык» слушатель должен овладеть соответствующим уровнем межкультурной иноязычной коммуникативной компетенции (beginner, elementary, pre-intermediate, intermediate, upper-intermediate), что предполагает владение коммуникативными умениями (в соответствующем

объеме) во всех видах речевой деятельности: аудировании, чтении, говорении, письме.

2.1 Аудирование.

Конечной целью обучения аудированию является выработка у слушателей умения понимать на слух оригинальную английскую речь в звукозаписи. Для достижения конечной цели большое внимание уделяется следующим навыкам и умениям:

- членение текста на смысловые части;
- определение идеи и темы текста;
- определение трудностей в понимании текста и вычленение неточно понятых фрагментов;
- умение кратко передать основной смысл прослушанного текста, прокомментировать его, высказать свое мнение.

Аудитивные навыки и умения также предполагают способность понимать на слух разножанровые тексты различного коммуникативного контекста (анонсы, объявления, репортажи, новости и т.д.).

2.2 Говорение.

Конечными целями обучения говорению слушателей в монологической и диалогической формах являются следующие умения:

- вести беседу в связи с ситуациями, обусловленными тематикой курса, а также реальным общением;
- излагать мысли по заданной теме/проблеме, аргументируя высказывание;
- анализировать события, факты;
- участвовать в дискуссии.

Монологическая речь

- подготовка сообщения по заданной теме (соответствующее композиционное оформление выступления);

Диалогическая речь

- быстрая и адекватная реакция на речь собеседника с использованием соответствующих клише;
- обсуждение проблемы/вопроса в паре/группе.

2.3 Чтение.

Конечной целью обучения чтению является выработка у слушателей следующих умений:

- читать и понимать адаптированную и оригинальную англоязычную литературу.

Для достижения конечной цели необходимо овладение студентами следующим навыками и умениями:

- смысловая интерпретация текста;
- вычленение основной и детальной информации.

Навыки и умения чтения также предполагают развитие способности понимать разножанровые тексты (художественные, прагматические, публицистические, научно-популярные и т.д.).

2.4 Письмо и письменная речь.

Конечными целями обучения является умение студентов

- писать письма друзьям по переписке;
- писать электронные письма в личностных и профессиональных целях;
- заполнять документы (формуляры, анкеты и т.д.).
